

The attached **Employer's Exposure Incident Reporting Form** (form 3886A) is intended for voluntary use when an unexpected workplace incident exposure has resulted from a leak, spill, rupture, unanticipated emission, explosion or a release of a dangerous chemical or physical substance or contact with an infectious substance or biological agent.

The purpose of this form is to obtain information about the exposure incident experienced by the worker should an illness or disease occur in the future.

This form should be completed by the supervisor and/or the Joint Health and Safety Committee Representative. Workers wishing to participate in the CEIR Program should complete a Worker's Exposure Incident Reporting Form (CEIR) (Form 3885A).

The **Employer's Exposure Incident Reporting Form** should only be completed if there has been an unexpected workplace exposure event where there has been:

- no lost time
- no illness

If workers are experiencing any illness needing medical treatment (*such as diagnostic tests, prescribed medication or ongoing treatment*) as a result of the incident, the employer should file an occupational disease claim using a Form 7.

Forms should be completed and forwarded to:

By Mail

Workplace Safety and Insurance Board
Occupational Disease and Survivor Benefits Program
200 Front Street West, 4th Floor
Toronto, Ontario M5V 3J1
