<p>Injured worker Regardless of whether you have received attention at a hospital emergency department for your injury, you are entitled to choose your health professional (i.e. family doctor, dentist, chiropractor, specialist, etc.) if you require further treatment. After choosing, however, you may not change health professionals without the permission of the Workplace Safety and Insurance Board (WSIB).</p> <p>Health Professional If you have determined the injured worker will be disabled from earning full wages on any day beyond the day of injury, please submit the appropriate form to the WSIB: Health Professional - Form 8. Health Professional's First Report; Chiropractors - Form 284C, Chiropractor's First Report.</p> <p>The WSIB supports early and safe return to work. If your patient is injured immediate action is recommended to ensure that appropriate measures are instituted. Many employers accommodate their injured workers advantageously by minor modifications to their normal jobs or by transfer to other occupations more suited to their functional abilities. To assist the employer in planning such measures, the WSIB urges that you discuss this matter with your patient and co-operate with the employer's medical staff or responsible representatives in implementing a program which is reasonable and appropriate for the injured worker.</p>
